## PRESS RELEASE

**Brave adds another three items to their Landscape Equipment line**  
*Lawn Edger, Crack Cleaner, Walk Behind Blower available immediately*

**Rogers, Minn. – June 2018:** Brave now offers three new additional products that are new for 2018!

The lawn edger (BRPE105H) is Honda Powered, with a 10” double sided blade, an all steel cutter head, sealed bearings for extended life and durability. Four steel hubbed wheels, with ball bearings for better maneuverability and exceptional stability. An easy, all-inclusive operator hand control for smooth blade engagement, belt tension and depth control.

The crack cleaner (BRPC105H) uses a heavy-duty wire knot brush to whisk away debris easily. Quickly and efficiently clears cracks to prep for repair, fill and sealant.

The walk behind blower (BRPB160H) makes clean up a breeze with its high velocity-output and rugged design. This machine accommodates a variety of users with adjustable and reversible handles while reducing hand and arm fatigue with rubber vibration mounted handles.

### **About Brave**

Brave manufactures high-quality, outdoor power equipment for direct distribution and distribution through a network of dealers, rental stores, big-box stores, national accounts and hardware co-ops nationwide. Top quality Brave log splitters have been available since 1982. Brave has since expanded its line-up to also include hot and cold-water pressure washers, earth augers, generators, hydraulic power packs, trenchers and pumps.
